

- “Twelve key strategies to achieve the SDGs based on the COVID-19 experience”

Contributors to strategy development

The xSDG Laboratory uses the term Vision Sharing Partner (VSP) to describe xSDG Consortium members who share a common vision for the future. The “Twelve key strategies to achieve the SDGs based on the COVID-19 experience” were developed in collaboration with members of the xSDG Laboratory, advisors and observers (related ministries and agencies), and persons from companies and local governments who participated as Vision Sharing Partners in the xSDG Consortium. The Vision Sharing Partners who participated in development of the “Twelve key strategies to achieve the SDGs based on the COVID experience” are listed below.

xSDG Laboratory, Keio Research Institute at SFC
xSDG Consortium and Subcommittee on COVID-19 and the SDGs
FY2020 Vision Sharing Partners and observers
(in order of member type and Japanese spelling)
Underlining below indicates participation
in the Subcommittee on COVID-19 and the SDGs.
